LA GUILDE DU COGNAC

La Guilde du Cognac is a collection of exclusive cognacs, crafted with the expertise and passion of Artisan Distillers. Created in limited quantities, – fewer than 5,000 bottles per Cru – La Guide du Cognac places great importance on craftsmanship, putting taste and experience centre stage, whether the cognac is enjoyed neat or in a cocktail. For the first time, La Guilde du Cognac reveals some of the hidden treasures from the Cognac region through four Single Villages that have been chosen specifically for their unique characteristics, those that reflect the uniqueness of their terroir.

Beyond this introductory journey, La Guilde du Cognac expresses its elegance through understated, refined and informative packaging. The label on its round and modern bottle illustrates the specific characteristics of each Village. Like all collections, La Guilde du Cognac will be enriched year after year, to present new Artisan Distillers and new Villages.

Grande Champagne St Preuil / Single Village Cognac

Nestled between forests and vineyards, Saint-Preuil is one of the best representations of the Grande Champagne terroir, which is the Cognac region's Premier Cru.

Petite Champagne St Germain de Vibrac / Single Village Cognac

Saint-Germain-de-Vibrac is located on the wooded slopes of Petite Champagne. This limestone terroir produces fine and elegant cognacs.

Borderies Cherves-Richemont / Single Village Cognac

In the northern part of Cognac, this village belongs to the very specific Borderies Cru. Representing only 5% of the area under vine, the cognacs in this Cru are renowned for their complexity and depth of flavour.

Fins Bois Lorignac / Single Village Cognac

Lorignac is a village located in Fins Bois, near the Gironde estuary. This environment brings freshness and minerality to its cognacs.

Degré Alcool : 40°

Packing: 6-bottle case
